[redacted] heat and feels the installation should not have been delayed due to the heat. Cathy asked if Doug could have someone to powerwash some of the items around the building. Doug stated he does not have a power washer. Cathy asked if we could invest in a power washer. Gary stated we could hire someone to power wash. Cathy asked if we had the money to purchase a power washer, he confirmed. Kelly stated that when the airport bought the building, Doug received a raise to do the maintenance but the maintenance is not being completed. Kelly mentioned she and Rose take good care of the inside of the building and it's only fair the outside also be taken care of. Doug stated he would get it taken care of. Gary asked if we could come up with priority lists to discuss how to make sure everything is taken care of at the next meeting as we all want the building and airport to be the best it can be.
